EXHIBIT / ENVIRONMENT / IDENTITY / CONSULTANTS

July 11, 2007

To Whom It May Concern:

I can recommend Exhibit Engineering for any "hands-on" exhibit you may be considering. This group has demonstrated a wide range of engineering expertise and the ability to provide you with the practical advice that only someone with their experience is capable of.

The range of their capabilities is impressive, including the ability to prototype and provide "one-off" exhibits if required. I found Terry to be extremely easy to work with and extremely diligent in providing timely answers to complex questions.

The level of service we received for the price was a tremendous value. We not only highly recommend Exhibit Engineering; we're looking forward to the opportunity to work with them again!

Sincerely,

Rodger P. Motiska
Principal
